Tue, 15 May 2018 01:13:00 GMT - As his squad distracted the third machine gunner, Inouye crawled toward the final bunker, coming within 10 yards. As he raised himself up and cocked his arm to throw his last grenade, a German soldier inside the bunker fired a rifle grenade, which struck his right elbow, nearly severing most of his arm and leaving his primed grenade reflexively "clenched in a fist that suddenly didn't belong ...

Wed, 16 May 2018 16:50:00 GMT - A migraine is a primary headache disorder characterized by recurrent headaches that are moderate to severe. Typically, the headaches affect one half of the head, are pulsating in nature, and last from two to 72 hours. Associated symptoms may include nausea, vomiting, and sensitivity to light, sound, or smell. The pain is generally made worse by physical activity.
